

## TRUEMAIL ESSENTIALS

TrueMail Essentials is a powerful business email service delivering reliable, always-on company email combined with a rich, fully featured webmail portal and industry leading Spam and Virus Filtering

## FEATURES

### MOBILE email

Check your email on any mobile phone with POP/IMAP compatibility

### GRAPHICAL reports

View email analytics in easy to read, graphical reports

### WEBMAIL portal

Fully functional, feature rich Webmail portal

### Email filtering

Top of the line filters stop junk, virus and phishing emails

### Always on

TrueMail Essentials delivers email access that is always on and available

### LIVE support

Support calls are answered live, by local support staff

## WHATS INCLUDED

### ➤ Storage Space

Every TrueMail Essentials account comes standard with 500 Meg of storage space allowing users to save email on our server instead of their local computer.

### ➤ Email Filtering

TrueNet's top of the line, in-house email filters not only stop junk and virus email, but also scan each message for phishing and hoax emails.

### ➤ Webmail Portal

TrueMail's unique web portal gives users a fully featured email program comparable to Microsoft Outlook®, but on the web!

### ➤ LIVE Support

Our US based technicians answer all phone calls LIVE during normal business hours, ensuring support, billing or sales issues are resolved quickly and efficiently.
